Product Code  
247758

Professional  
Cleaner

Efficient against  
fingerprints

Retrieve the  
properties of  
N-Boost

**We present the new  
professional cleaner  
for Silestone  
N-Boost**

**Q-BOOST** contains reparative  
properties that can restore  
surface characteristics.

Its formulation has the ability to  
eliminate stains produced by oily  
components such as grease or olive  
oil, in addition to being effective  
against fingerprints, etc.

\*This cleaner should only be used  
on surfaces with  
N-BOOST.
